

PUBLIC NOTICE

We thank you for the overwhelming response received towards new PNG Connection requests. At MNGL, we always strive to provide the PNG Connection to all the registered customers within the stipulated time. In spite of the best efforts, there are connections which are taking more than stipulated time due to reasons like statutory permissions awaited from land owning agencies, no digging permissions from concerned authorities, technical constraints faced etc.

Out of the 4984 number connections pending as on 30th June, 2019 pending for more than 90 days from the date of registration, more than 1800 No's have been liquidated by 25th July 2019.

[Please click here for the list of Business Partner Numbers \(BP Nos. registered beyond 90 days\), along with the tentative schedule of providing the PNG Connection.](#)

It shall be our endeavor to expedite the work for all such cases.

Team MNGL
